

The Bethel Blast

January 11th, 2017

Food for Thought: Wouldn't now be the perfect moment to go do a random act of kindness?

Coming Up at Bethel-

⇒ .FAITH FAMILY AND FUNDAY -This Saturday, January 13, 3 -5 pm.
We'll be talking about being thankful, being generous and being kind.

⇒ ANNUAL MEETING - Sunday, January 28, following worship. If you haven't submitted your liaison report, and you think you should, please do so!

Many thanks to the people who have stepped in to take a basketful of kitchen laundry. You know who you are ... what a gift that is! Thank you. And if you think you'd like to join in with this little corner of heaven, don't be shy.

Prayer Concerns of the Community

Please pray for Katie Reitel and her family as she prepares for surgery. The Reitels are FoBs and friends of the Bentley, Siems, Eusebio, and Alvey/Cyr families.

We also ask for prayers for people who are living in uncertainty because of their immigration status. 200,000 El Salvadoran who have lived in the United States for approximately the past 20 years learned Monday their temporary protected immigration status in the United States will not be renewed; today we learn of a raid on dozens of 7-11 stores targeting "illegal" workers. The DACA program (children who were brought to the US as children) is under court review and legislative action may or may not bring resolution.
